

Benefitting Suicide Prevention & Awareness

In November 2019, we lost a valued member of our team, Bill Samborski, to suicide. This clay shoot is a memorial event in his honor to raise money for the Suicide Prevention Coalition of Colorado.

Bill had been a valued and trusted member of the Total Plumbing team for 20 years, and the MTech team for the past 5 years. He had been instrumental in the attraction and development of many great people in our industry and team, and built many lifelong relationships along the journey. Bill was passionate and committed to his family and friends and he is greatly missed. One of his greatest passions was the love of hunting, the great outdoors and shooting sports of every kind. He built custom rifles, shot sporting clays and ran targets just as passionately as he cared for his family and friends, hence why we support him thru one of his favorite pastimes.

Please visit www.mtechg.com/clayshoot to sign up for registrations or sponsorships.

Event will be held at Kiowa Creek Sporting Club, 46700 E County Rd 30, Bennett, CO 80102
